

HARTFORD USERS OF MIDRANGE SYSTEMS

AN EVENT YOU DO NOT WANT TO MISS!

Discover how to take back control. Please join us for a special user group event in East Hartford Sheraton where you can enjoy a sumptuous dinner and witness a live demo on IBM System i™ **WDHT** and a presentation on **DB2/SQL** to learn how to take back control of your applications.

Dinner presentation and live demo: Witness live in action how you can use WDS*c* V.6.0 and WDHT V5R4 to transform a traditional 5250 green-screen application to a GUI, web-enabled service.

Deep-Dive on DB2/SQL: Featuring Amy Anderson, DB2/SQL expert from Rochester, MN, who will take you through an amazing journey of V5R4 DB2/SQL. Learn about UDB DB2 and how you would take advantage of all the new functions in DB2/SQL in V5R4.

Win a FREE consultative WDHT Proof of Concept for your IT department.
Raffle prizes: logo-shirts and other novelties.
